Benefit Communication & Total Reward Statement

Most employees are surprised when they see the details of their benefits package – it's nearly always worth more than they thought it was. This shows how important it is for employers to make sure they put in place a clear benefits communication strategy.

We offer solutions that can be integrated with your back-office or payroll system so that values are continuously refreshed and always up to date. And because the systems are designed to produce personalised statements, employees find it more engaging.

Employee features

- Easy to show accurate benefit information
- Clear total reward statement
- Intuitive user interface
- Each benefit shows 'in-depth' benefit information
- Real-time updates to benefit costs
- Continuously updated benefit costs
- View and amend personal details (configurable)
- Add or edit details about dependants
- Add or edit details about beneficiaries

HR features

- Easy to show accurate benefit information
- Retain editorial control
- Personalise statements on the basis of an employee's seniority, length of service, location, etc.
- Simple and effective management of medical underwriting and group risk benefits
- Easy to update premium/contribution rates when required
- Powerful HR reporting facility
- Instant access to each employee's data
- Streamlined management of joiners and leavers
- Use the system for accurate package planning in recruitment process
- Publish "scheme booklets" from system
- Manage dependant and beneficiary data
- Output P11D data in desired format
- Print out company directories/handbooks
